

General Stafford's 80th Birthday Celebration

Student Contest

Contest #1:

Students (K-12) are invited to submit questions for General Stafford to answer. Many of the questions will be posted with their answers in the Stafford Air & Space Museum. Exceptionally well-written questions will be put into a jar for a drawing. The kids who submit the winning questions will receive an invitation to come ask General Stafford their question in September.

Contest #2:

Design an air or space vehicle. Include a description of the purpose, importance and picture of the vehicle. The winning designs will be posted on our website and displayed in the Stafford Air & Space Museum. Separate Categories for grades preK-3, 4-6, and 7-12. There will be a \$50 Grand Prize for the most exciting and best description.
