

Do you have students that need challenged?
Students that want to see the applications first hand?
Students that need money for college?
Students that learn better in groups?

Essay Contests for MS/HS Students 6th -12th Grade Teacher Workshop

June 11, 2010
9:00 am – 5:00 pm

This workshop will introduce you to a wide variety of national math and science contests. The contests presented require a minimum of setup, and can be used in the classroom, with community mentors or with little to no supervision. You will experience different contest structures during the workshop to find the style that fits your needs.
